

BUY ME SOME PEANUTS AND CRACKERJACKS

Take Me Out to the Ballgame

A ticket is \$10. Cost for you to take your dad to the ballpark and get in...

There are 2 people and each ticket is \$10.00

Nothing Like a Ball Park Frank

A hotdog is \$3.50 and a soda is \$4.00. Cost for 2 hotdogs and 2 sodas...

2 hotdogs cost \$7 and 2 sodas will cost \$8. The total is \$15

Souvenir

A souvenir foam claw is \$6.00. Cost to buy you and your dad one...

The cost of 2 claws is \$12

Total Cost of a Night at the Park

Total cost of 3 hours of watching America's pastime with your dad...

To find the total, you must add up the cost of the tickets, hotdogs, sodas and foam claws

My Take Home

And if I brought \$60, how much do I have left?

To find how much you take home, you must subtract the total amount spent from the \$60 which you started the night

Foul Ball...

What would the cost be for a family of 4 to have the same night out?

If the total was \$47 for 2 people, double that to find the cost for 4 people to buy the same items

If I can do it, then you can do it, too.

Knowing how to find all of these answers

PRICELESS
