

SHOULD THE GOLDEN FLASHES FEAR THE ROO?

Examine the information in the table and the graph closely, then decide who has the upper hand on the fields and courts when these two schools meet.

THE DEBATE

Golden Flashes Rule

Check out the numbers in the table to the right. The Flashes have better records in four sports. The Zips only have a better record in two sports. There's no contest! Check out the baseball numbers alone. The Zips don't even belong on the same field. The Flashes definitely dominate the Zip-O's.

This chart shows the all-time series record between the Kent State Golden Flashes and the University of Akron Zips in 6 sports.

Sport	WINS	
	KSU	U of A
Basketball - Men's	62	58
Football	20	28
Soccer - Men's	0	15
Baseball	87	46
Volleyball	30	28
Soccer - Women's	6	1

NOT SO FAST FLASH-ER!

Zips Dominate

Pictures are worth a thousand words. You may have the edge in baseball and total sports, but you can't ignore the facts. You have two sports by barely winning 50% of the games. Big whoop. If you want to talk about domination, forget your baseball wins at 65%. Soccer is 100% in favor of the mighty Roo. The graph doesn't lie. Zips rule!

This graph shows the all-time series record between the Kent State Golden Flashes and the University of Akron Zips in 6 sports.

So, who's side are you on?

Grab a friend, chose sides, and finish the debate once and for all.

Which school has a better sports program?

When you are done, make sure you check out the answer. You might be surprised at which one is correct.
